

All Purpose Pasture Mix

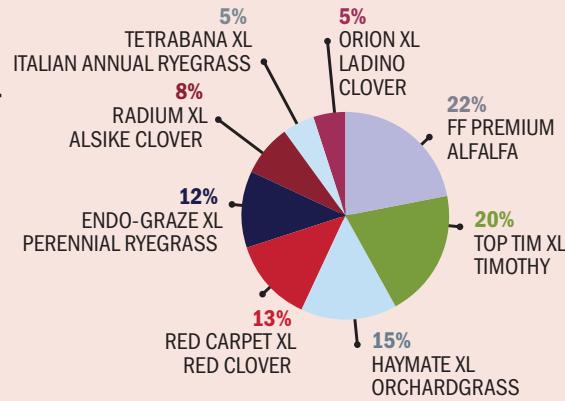

- Flexible solution for hay and long-term pasture
- Eight components spread out risk (4 legumes & 4 grasses)
- Suited for a wide range of soil types, but will respond to better soils, added irrigation and increased fertility
- Alfalfa variety in All Purpose is appropriate in both hay and grazing environments, matches up well with timothy and orchardgrass maturities
- Long lasting forage crop when seeded in pH range of 6.5 to 7.5

ALL PURPOSE PASTURE MIX

SEEDING RATE (LBS/ACRE):

25 - 30

All Purpose Pasture Mix offers durability over a wide range of environments and management styles.

Includes **CrosseCoat™**, an elite platform of proven seed coating and treatments to enhance germination, establishment and survival.
