

BLM #4 Pasture Mix

- Very versatile mix that establishes quickly
- Endophyte-free tall fescue extends productivity into the hot, dry summer months
- Kentucky bluegrass provides sod-forming capability to help maintain a healthy stand

BLM #4 PASTURE MIX

SEEDING RATE (LBS/ACRE):
30 - 40

BLM #4 Pasture Mix is a quick starting mix for use around farm buildings, drylots and pastures. This mix produces quality forage and will hold up well under heavy traffic.
