

Jump Start Pasture Mix

- Excellent for overseeding existing stands or short-rotation pastures
- Highly palatable
- Very responsive to fertilization
- Provides early spring and fall forage
- Maintains solid summer performance with adequate moisture

JUMP START PASTURE MIX

SEEDING RATE (LBS/ACRE):
30 - 40

Jump Start Pasture Mix is a quick establishing mix that is an excellent choice for overseeding existing stands or short-rotation pastures. Jump Start Pasture Mix performs well on poorly drained sites, but does best on moderately well-drained soils.
